- Lifesize Icon health monitoring²

¹ Dual display not available on Lifesize Icon 450 or Lifesize Icon 400 systems. ² Through the Lifesize cloud-based service, sold separately.

Stay Connected

Anywhere can be your workplace.

No matter where you are, you can enjoy Lifesize from your laptop (PC or Mac®) and the latest Android™ and iOS tablets and smartphones. And with the Lifesize Web App, you can make and receive video calls via Google Chrome™ and Internet Explorer® 11 browsers.

Conference Room Systems

Lifesize Icon conference room systems are so easy to use that you can instantly connect with everyone you need, from anywhere. And when paired with the Lifesize cloud-based service, there simply isn't a more powerful and easy-to-use video conferencing solution available.

LIFESIZE PHONE HD

Lifesize™ Phone™ HD

Lifesize Phone HD is command central for video, audio and web conferencing via Lifesize Icon systems paired with the Lifesize app. This touchscreen device simplifies your meeting room experience by putting all of the essential conferencing functions at your fingertips. Now you can easily manage Lifesize video and audio calls and web conferences from one highly intuitive device. And if you only need to give a presentation to others in the conference room, Lifesize Phone HD lets you do that, too.

Simple to Use

The intuitive touchscreen interface is so simple that anyone can use it

Optimized for Video Communication

Responsive touchscreen enables both video and audio management

Simplified Operation

Context-sensitive UI reduces on-screen clutter

Greater Voice Pickup and Clarity

360-degree microphone array (and optional Lifesize® Digital MicPod™) for large meeting rooms

Best Frequency Response

Lifesize Icons: 90 Hz to 22 kHz delivers natural voice reproduction

Improved Cable Management

Easier access and cable retention

Features

- Powerful rare-earth magnet loudspeaker driver
- Four orthogonally placed low-noise microphones (80 dB SNR before noise reduction)
- Voice pickup range up to 4.5 m (15 ft)
- Microphone background noise suppression
- Capacitive multitouch display
- VoIP connectivity and video systems integration in one device
- Designed to reduce or eliminate audible radio frequency interference when mobile devices are placed adjacent to Lifesize Phone HD
- 3 high speed digital Lifesize Link connectors to support up to two Lifesize Digital MicPods in addition to the codec connection
