Meet the essential webcam for better video meetings. Brio 305 is a 1080p webcam with auto light correction and a noise-reducing mic for natural video and audio, plus an integrated privacy shutter. Certified for leading meeting platforms and priced for mass deployment.

Give employees a simple-to-use webcam for better video collaboration. Brio 305 is a 1080p webcam certified for Microsoft Teams, Zoom and Google Meet for a reliable meeting experience. Full high definition video, auto light correction and a noise reducing mic ensure that everyone is seen and heard clearly. An easy-to-use privacy shutter covers the lens when not in use. Made by the market leader in webcams, Brio 305 can be deployed with confidence. It works with your existing IT ecosystem and can be managed and updated remotely through Logitech Sync. Made with at least 48% recycled plastic to support a more equitable and climate positive world.
# Featured Product Specifications

1. **Natural video quality**: 1080p resolution and auto light correction create a natural meeting experience, while the fixed focus and 70° dFOV keep everyone in focus.

2. **Noise-reducing mic**: Noise reduction technology suppresses background sounds.

3. **Integrated privacy shutter**: Easy-to-use privacy shutter protects employees’ privacy, while the indicator light lets users confidently know when the camera is active.
