

Modernize Your Customers' Network to the Next Generation of Intelligent Devices with NVT Phybridge

Enabling modern devices across an existing network infrastructure can be anything but simple, resulting in high costs, complexity, and disruption to your customers' business. With NVT Phybridge and Jenne, you will enable your customers with Power over Long Reach Ethernet solutions and reliable connectivity over any cable type.

NVT Phybridge's series of switches and extenders help customers simplify digital transformation and modernize to an IP-based network, leveraging existing or new infrastructure to create a robust IP path with power.

Government

Hospitality

Manufacturing

The NVT Phybridge family of switches and extenders make the modernization to IP and IoT simple, secure, and cost-effective:

- **FLEX Family** - Ethernet and PoE over Multi-Pair UTP
- **CLEER Family** - Ethernet and PoE over Coax
- **PoLRE[®] Family** - Ethernet and PoE over Single-Pair UTP

FLEX Family

PoLRE Family

CLEER Family

With full support from the Jenne NVT Phybridge team, you'll deliver the flexibility to enable modern devices exactly where your customers need them—with 18 times the reach of traditional solutions.

About NVT Phybridge

NVT Phybridge is a global leader in Power over Long Reach Ethernet solutions. NVT Phybridge strives to help organizations maximize their IoT return on investment by providing high-quality PoE solutions that are robust, secure, and simple to implement.

The award-winning CHARIoT series of PoE switches and extenders helps customers modernize to an IP-based network, transforming existing or new infrastructure into an IP path with power.

Featured NVT Phybridge Products and Solutions

Long reach Power over Ethernet solutions that support IP and IoT devices with up to 6,000ft (1,830m) reach.

- PoLRE24; 24-Port Managed Switch
- PoLRE48; 48-Port Managed Switch
- PoLRE LPC; 8-Port Unmanaged Switch
- CLEER24; 24-Port Managed Switch
- EC10; 10-Port Switch
- EC-Base Extender
- FLEX24; 24-Port Managed Switch
- FLEX8; 8-Port Unmanaged Switch
- FLEX-Base Extender
- FLEX24-10G; 24-Port Gigabit Managed Switch
- 1701+ Extender

Dedicated Resources

Each partner is assigned their very own Jenne team:

- **Account Management** – provides hardware and renewal quotes, along with processing and tracking of orders.
- **Product Management** – helps partners stay up to date on product availability and inventory.

For questions or more information, contact security@jenne.com.

We look forward to learning about your business and helping your customer meet the network challenges of today and tomorrow!
