

Jenne Security Camera Staging

Let Jenne Do the Work for You!

Jenne Security Camera Staging Services will perform all the preliminary configuration, licensing and labeling enabling you to rapidly install and deploy security and surveillance systems on your customers' network or as a stand-alone unit. Enjoy the peace of mind that your customers' unit is tested by a highly trained Jenne technician.

Jenne Security Camera Staging Includes:

- Setting the IP address of the network camera
- Setting the camera password
- Labeling/naming the camera
- Labeling the outside of the camera box

Benefits:

- Save cost and time—Jenne can stage your order and ship directly to the end user
- Save cost of having an on hand technician
- Jenne offers standardized, uniformed security staging for all your projects
- **Jenne staging services help cut down on out of box failures**

Call your Jenne Sales Representative at 1-800-422-6191, or email security@jenne.com for more information on Jenne security camera staging.
