

PLANTRONICS + POLYCOM
NOW TOGETHER AS POLY

POLY POWERS AUTHENTIC HUMAN CONNECTION AND COLLABORATION

Jenne and Poly help you deliver powerful communications solutions that drive meaningful human interaction and productivity in a hectic business world.

WHY CHOOSE POLY?

Today's workplaces are often bustling with loud distractions that can interfere with productivity. Poly leverages decades of innovation to offer you a broad portfolio of collaborative solutions that combine legendary audio expertise, powerful video, and intuitive conferencing technology to overcome the challenges of modern business communication—in and out of the workplace.

Poly's headsets, software, desk phones, audio and video conferencing, analytics and services are used worldwide and are a leading choice for every kind of workspace.

POLY BUSINESS HEADSETS

The modern office has gone through a transformation—many companies have moved to an open office plan and placed greater reliance on mobile workers. Distractions are at an all-time high and successful business demands clear and natural communication.

Poly's business headsets were specifically designed to overcome the challenges faced by office and mobile professionals—empowering communication from anywhere with natural voice and exceptional noise cancellation for peak productivity.

- **Mobile**—rich audio connections for professionals on the move.
- **Office**—eliminate noise and distractions in busy environments or for the virtual office.
- **Contact Center**—all-day comfort, reliability, and durability with exceptional call control.

POLY VIDEO CONFERENCING SOLUTIONS

With decades of experience empowering companies with intuitive conferencing solutions—Poly’s purpose-built collaborative technology makes conferencing easy, ensures a consistent and reliable experience, and gives your customer’s workforce the flexibility to collaborate effectively in high-definition audio, video conferencing and content sharing.

POLY STUDIO P SERIES

Make the most of video calls wherever you’re working. The Poly Studio P Series personal video devices ensure you always look and sound your best. High-performance cameras compensate for lighting imbalances, while Poly’s premium audio is fine-tuned to help you focus and eliminate distractions.

- Poly Studio P5 – a small webcam that offers big experiences with exceptional camera optics.
- Poly Studio P15 – a personal video bar gives you everything you need to look and sound your best with automatic framing, Noiseblock AI and Acoustic Fence.
- Poly Studio P21 – a personal meeting display offering the complete experience including display, camera, microphones and speakers, with a single USB connection to your PC or Mac

POLY STUDIO

Poly Studio delivers best-in-class audio and video in an easy-to-use USB video bar at an affordable price—allowing big ideas to happen in small places.

- Room-filling sound and pinpoint accurate microphones—delivers an organic, in-person experience.
- Noise-blocking Acoustic Fence blocks distracting sounds from interrupting meetings.
- Compatible with nearly any cloud-based video platform.
- Simple deployment with remote management capabilities.
- Smart-camera experiences are built in—no drivers or software needed.

POLY STUDIO X SERIES

Poly Studio X video bars deliver radical simplicity in a single sleek device for medium-sized conference rooms—empowering your customers with immersive boardroom quality audio and video.

- 4K camera with automatic framing and tracking.
- Easily share content over wired or wireless connections.
- Connect easily in conference rooms—with nearly any video collaboration software, including Zoom.
- Block out distractions with Noiseblock AI—powered by machine learning.
- Poly TC8 available for easy touch control.

POLY G SERIES - ROOM SOLUTIONS FOR MICROSOFT TEAMS

Poly solutions for Microsoft Teams Rooms offer a variety of room collaboration options for users that range from huddle rooms to large conference rooms and multi-purpose rooms, while ensuring the simplicity and high-quality audio and video experience.

- **G10-T** – Poly G10-T is a base Microsoft Teams Rooms kit for customers with existing Microsoft Teams Rooms-certified audio and video devices.
- **G40-T** – Poly G40-T, small and medium room solution for Microsoft Teams, deliver a clutter-free Microsoft Teams Rooms experience combined with powerful Poly Signature audio and video technologies.
- **G85-T** – Poly G85-T, medium and large room solution for Microsoft Teams, deliver a clutter-free Microsoft Teams Rooms experience combined with powerful Poly signature video tracking technology.

POLY VOICE SOLUTIONS

Poly’s legendary voice collaboration offers enterprise-grade solutions that are easy-to-use, work seamlessly with leading UC platforms, and provide the industry’s best voice quality for clear communication.

- Conference Phones—the highest standards for crystal-clear audio and intelligent adaptation for different room environments.
- VoIP Desk Phones—intuitive-to-use from day one and featuring the industry’s best sound quality.
- VoIP Adapters—connect old analog devices to the modern digital world for exceptional flexibility.
- Installed Audio—deliver next level audio conferencing that delivers consistent, life-like HD audio even in challenging environments.
