

Jenne's Cloud Solutions

SIP Trunking

appia

Appia Communications is a leading provider of cloud-based communication and networking services. Its solutions enable customers to reduce capital spending and operating costs, and enhance productivity and customer care.

digium

Digium SIP Trunking helps customers reduce their telephony costs and deliver a higher standard of service by replacing traditional phone lines with Digium SIP Trunking.

JIVE

Jive's customers include high-growth businesses and public sector institutions needing a scalable platform that is more flexible and cost-effective than their existing legacy systems. Jive's cloud architecture offers an integrated, seamless experience that provides richer context and creates more efficient connections between co-workers and clients. Jive's cloud delivery model ensures that each organization always has the latest technology, features, and applications—making Jive the last phone system your customers will ever need.

MOMENTUM
TELECOM

Momentum Telecom understands that businesses want to get full value out of every investment and is proud to offer a solution. Momentum SIP Trunking is a business-class service designed to deliver affordable Voice over IP service with advanced telephony features to an existing PBX system.

nextiva
BUSINESS CLOUD COMMUNICATION

Nextiva provides cloud-based communications and collaboration solutions designed to simplify the way businesses communicate through Hosted VoIP, SIP Trunking and Netiva Anywhere™ solutions. Founded in 2006 on the principle of Amazing Service®, Nextiva serves more than 100,000 businesses in the United States.

**nex
Vortex**

nexVortex standard SIP Trunking provides unlimited channels, which allows customers to scale trunks on demand at no additional charge. Multi-site customers can take one service plan and scale it across all their locations with portal access to control features and functionality in real-time, including remote phone E911, DID inventory, Call Routing, Disaster Recovery and security preferences. nexVortex Managed SIP Trunking helps businesses confidently migrate to SIP while addressing quality of service, visibility, and definitive troubleshooting.
