Jenne's UC Cloud Solutions

Unified Communications

8x8 Global Cloud Communications

Six-time Gartner Magic Quadrant leader, 8x8 (EGHT), is the world's fiirst Communications Cloud, combining unified communications, team collaboration interoperability, contact center, and analytics in a single, open and real-time platform. 8x8 eliminates information silos to expose vital, real-time intelligence across all clouds, applications and devices to improve individual and team productivity, business performance and customer experience.

appia

Appia Communications is a leading provider of cloud-based communication and networking services. Its solutions enable customers to reduce capital spending and operating costs, and enhance productivity and customer care.

AVAYA

Avaya Cloud solutions provide telephony, conferencing and collaboration based on Avaya's award-winning IP Office Platform. Avaya offers both Partner and agent programs, giving value-added resellers an exciting opportunity to serve new markets while generating incremental revenue from recurring licensing and complementary services. Your valued customers receive an affordable, integrated solution that allows them to pay for only what they use—and benefit from the robust features that Avaya IP Office provides.

digium®

Digium's Switchvox Cloud is a hosted UC solution that incorporates the same software as the on-premise appliances so that end-users have access to the same powerful UC features such as mobility, IVRs, queues, and tight integration with Digium phones. Switchvox Cloud provides access to a business-class phone system while completely eliminating costly capital expenditures.

JIVE

Jive's customers include high-growth businesses and public sector institutions needing a scalable platform that is more flexible and cost-effective than their existing legacy systems. Jive's cloud architecture offers an integrated, seamless experience that provides richer context and creates more efficient connections between co-workers and clients. Jive's cloud delivery model ensures that each organization always has the latest technology, features, and applications—making Jive the last phone system your customers will ever need.

Mitel Powering connections

Mitel MiCloud solutions connect your SMB and Enterprise customers to the cloud. MiCloud Connect combines telephony, conferencing, instant messaging, video, collaboration tools, and contact center to deliver a complete business communications solution for customers with 5 seats and beyond. MiCloud Flex offers a UCaaS environment with customizable options and seamless integration with top business applications. Its flexibility and scalability make it attractive to customers with 75 to 10,000 users.

MOMENTUM TELECOM

Momentum Telecom is a premier provider of Unified Communications and Collaboration solutions for business. Momentum delivers a mobile, flexible and reliable HD voice and video solution seamlessly integrated with productivity applications to simplify communications and improve efficiency.

nextiva BUSINESS CLOUD COMMUNICATION

Nextiva provides cloud-based communications and collaboration solutions designed to simplify the way businesses communicate through Hosted VoIP, SIP Trunking and Netiva AnywhereTM solutions. Founded in 2006 on the principle of Amazing Service®, Nextiva serves more than 100,000 businesses in the United States.

nexVortex

nexVortex provides a fully-featured, high quality, Hosted Voice offering delivered with Uncommon Service. Our unique licensing model allows users to have multiple devices connected to the service for the same seat price. All Hosted Voice features are included in our pricing model. The service is available with options for rental phones, partner provided phones, or re-use of existing phones. We can offer unlimited minute seat pricing or develop customized pricing plans to meet any customer need.

PanTerra

PanTerra Networks is a unified cloud service provider, delivering a family of secure, ultra-reliable, future-proof voice and collaboration services for SMB and Mid-market enterprises. PanTerra's cloud-based solution includes hosted voice, instant messaging, file sync & share, web & video conferencing, as well as full contact center services with business analytics. With PanTerra's unified cloud service solution, enterprises gain the highest levels of security, scalability, reliability, availability, and quality of service, while significantly lowering their total cost of operations and IT administration complexities.

RingCentral®

RingCentral, Inc. is an award-winning global provider of cloud unified communications and collaboration solutions. More flexible and cost-effective than legacy on-premise systems, RingCentral solutions empower today's mobile and distributed workforces to be connected anywhere and on any device through voice, video, team messaging, collaboration, SMS, conferencing, online meetings, contact center, and fax. RingCentral provides an open platform that integrates with today's leading business apps while giving customers the flexibility to customize their own workflows.
