# Yealink Offers a Wide Range of IP Desk Phones

Simplify your customers' communications with Yealink's IP phone portfolio. Yealink IP phones are seamlessly compatible and interoperable with a large number of SIP PBXs and are certified to work with top partners such as NetSapiens, Broadsoft, Metaswitch, 3CX, Microsoft, and more.

## T5 Series

The **Yealink T5 Business Phone Series** enables productivity-enhancing visual communication with the ease of a standard phone. Designed for today's busy executives and professionals in various vertical markets.

## T4 Series

The **Yealink T4S Ultra-Elegant Business IP Phone Series** is an enterprise-grade solution that provides different level endpoints for the most common use settings in the company. **Yealink's T4U IP Phone Series** is an upgraded version from the already reliable Yealink T4 Phone Series with added enhancements.

## T3 Series

The **Yealink T3 Series** is a classic and cost-effective entry-level business IP phone solution for daily desktop voice communications.

## TEAMS & ZOOM Series

Yealink delivers a complete range of HD IP Phones for Skype for Business, Microsoft Teams, and Zoom, scaling from office and executive use to huddle and large conference rooms. Besides the Skype for Business T4S series IP phones, the T56A, T58A, CP960 can be upgraded from Skype for Business to Microsoft Teams.

# Connect Clearly with Yealink's Conference Phones

Yealink's conference phones address today's audio conferencing challenges and unify a clear-and-easy conferencing communication experience for both in-room and remote participants in small to large sized meetings.

## CP925

Designed for small to medium conference rooms, the **Yealink CP925 Touch-Sensitive HD IP Conference Phone** ensures your customers' meetings operate with crystal-clear audio quality.

CP925
